第21話

UGH-

!?

IT
SMELLS
SO
BAD!!!

And
sour,
too!

Like,
almost
nause-
ating!!

Get my
eyes! My
eyes!

Ugh...
It got
in my
eyes.

It's not
just the smell,
but the thickness
that makes it
so lethal...

I can't
take this-

**RUN
BACK!!**

Yeah, no
objec-
tions
here!

If you're wondering why these three are at this foul-smelling place...

The story begins a short time prior to this.

Well, let's try again after we have Majo-Sempai make us some equipment that can deal with it.

Good call.

What seems to be the problem?

Oh, it isn't Gretel-san.

I've come here with a request on behalf of the student council.

Well, you see...

Okay,
besides
that...

"Occupation"
implies that
this isn't
exactly a
low-profile
event.

... Quick
to the
point, I
see.

Reciting the
details won't
make solving
this kind of
issue any
easier.

Wait.
Isn't she
the
part you're
going to
reboot?

A group
calling them-
selves the
Gourmet
Club...

have
invaded
and occupied
the Special
Classes
Building.

... What
do you
mean by
that?

To be
honest,

this occupation
of theirs has
proven to be
quite effective...

while those who attended just to eat split off and formed the Gourmet Club.

Those who were there to enjoy cooking remained in the Research Club,

That led to a schism within the club.

They used to be called the Cooking Research Club, but someone among them caused their purpose to shift towards "eating good food."

The Gourmet Club, as the name suggests, is a club that focuses on enjoying food.

they haven't published their newsletter at all, and are now just a mob of students buying food with money leached from the school...

... But lately,

and various other food-related things such as touring restaurants and the like around Otogibara.

Their activities include comparing school cafeteria food with store-bought goods,

They regularly publish a newsletter on gourmet topics.

They have valid club status and were allocated operating funds.

No, a
bathing
strike.

**NO
BATHS?!**

IF YOU
MEAN WHAT
YOU SAY,
THEN PROVE
YOUR
CONVICTION
TO ME!

Yes. He
said to the
members,

...or
so I'm
told.

... So, what,
they went
on a hunger
strike?

So...

It's a
gathering of
people with...
impressive...
physiques.

The
Gourmet
Club is a
group of
avid
eaters.

How is
not bathing
supposed to
help their
cause...?

What does
it have to
do with the
occupation?

And
now we've
reached
the point.

You
have the
gist of
it, yes.

In other words,
a whole bunch of over-
weight people who
haven't bathed are all
lumped together in one
room and the smell is
beginning to grow
unbearable. Is
that it?

So the
end result
is basically
the same as
"occupation,"
as you said.

Precisely.

880 lbs

rep. They
all look alike,
and apparently
if you put them
all together,
they weigh over
400 kilograms.

That
so?

Their
starch has
already gone
beyond the
point of being
physically
harmful to
others.

None of
the other
students who
use the same
building can
handle it, so
they've all
fled...

The ones
staying in
there right
now

are the
founder
Futoshi Tonda,
and his older
brothers
Kiroshi and
Takashi.

You can
tell which
is which by
their hair-
styles.

The one
with the
pigtails on
the right
is the
oldest.

Middle
pigtails is
the middle
child.

And the
youngest
pigtails on
the left.

YOUNGEST

MIDDLE

OLDEST

They already
have a reputa-
tion as "The
Three Tonda
Brothers."

It's/wa. All of their names indicate their
considerable body size, and their last name
contains the word "pig," crossing is
referred to the fairy tale about the
three little pigs, who were also brothers

Yes,
hello?

...! ONII
-SAMA?!

Excuse
me for a
moment.

Dramatic
as always.

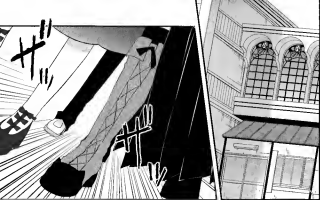

Aaaa, Onii
-sama?!

I'm
already
used to
it...

Oh,
no, Onii
-sama...

I can't
bear being
away from
you like
this...

Alright,
time to go
to work!

This is
the 1000
room of
the first
floor.

That's...
unnerving.

And
there's
two more
of him...

Uhhh, his hair
was parted on
the right, so
it must be
Takashi-san,
the eldest of
the three.

... So
which one
was that?

Sorry
for the
wait.

Ahh... So
what are
you three
here for,
buu?

Your
occupation
of this building
is obstructing
school functions,
so we'd like
you to leave
immediately.

I'll
make
this
quick.

Wa-

**WAIT,
BOO!!**

*But first,
if you want
to continue,
you'll have to
go through
me, boo!*

*If you
CAN, Chao
lei Bu-
hahahaha
hahaha!!*

Heh, heh...
I'm glad
you asked,
boo.

The
contest
is...

... Then
say that
first,
moron.

No one said
ANYTHING
about going
hand-to-
hand, boo!

Sigh... Okay,
then how do
you want to
compete?

^ translation "just realized 2 of them were girls"

The headmaster told us to show him our resolve, boof!

I really don't wanna ask this, but what's with that ridiculous contest you came up with?

Ringo, why don't we just ignore this nut and go upstairs?

Hmm- I also want to do that, but we can't just leave him here to continue stinking up the place...

Boof! Me.

... So what part of that had to do with Food?

We have to let him know how deep our love for Food really goes, boof!

So, as the Gourmet Club, showing our resolve means something involving Food!

Yes! The art of Food appreciation requires the mastery of all 5 senses...

Your sight, smell, hearing, touch-

Being a gourmet expert requires more than just a well-trained sense of taste, boof!

There
was no
rule say-
ing we
couldn't
attack
you!

Ah—
Now that's
what I call
satisfying.

Oink

WAAAAHH

I'm
warning
you, buu!
My brother
is suuuper
duper
compared
to me,
buu!!

Rise

Ah!

... And so,
Ookami-san
removed
the first
little piggy
from the
building.

But the
stench
was still
intoler-
able!

"Super
duper"
what? Is
he talking
about that
verbal
tick?

... What
a fun ball
of a guy.

Find
out in
the
next
issue!

Will Ookami-
san and
company be
able to
triumph over
the two
remaining
piggies?!
